

Technical Data Sheet

SafeTouch

1175 SAFETOUCH® ADVANCED™ SLIM NITRILE POWDER-FREE GLOVE
Class I, Medical Device and Category III, Personal Protective Equipment

FEATURES & BENEFITS

- Great elasticity
- Good dexterity
- Its smooth appearance gives it correct touch and grip of objects
- Made from a thinner nitrile material, Slim Nitrile technology provides great protection and flexible "latex-like" comfort
- · Watertight and airtight

Recommendation:

- Glove for professional use
- In the healthcare and industrial environment, this glove is used to make barrier against microorganisms (bacyeria and mold) between the wearer of the glove and the examined people or objects / materials handled.
- Protective glove designed to protect the user from the chemicals tested.
- Powder-free, it reduces cross contamination and limits the risk of irritation.
- For food handling / preparations (HACCP)
